Mr. Christian Kräuter,  
10 Grosvenor Road,  
Broadstairs, Kent,  
England.

It appears that Perfins on the U.S. registration stamp (Scott #F1) are not numerous. In response to an inquiry in the Bulletin a year or so ago, the editor has received listings of a few designs on the registration stamp, which will be published at a later date. In the meantime, the coverat left bearing a Perfinned F1 is offered as Perfin Cover of the Month. Perfinned F1s on cover apparently are quite scarce. This one is from the collection of Robert Murrin. The Standard Varnish Works Perfin (S-301) is shown in the inset.
